

DECLARATION OF CONFORMITY

DECLARATION OF CONFORMITY OF THE MATERIAL PU-B/1multifil

Complied by:	Approved by Management:	Version:	Date:	Repl.:
O. Carstensen	B. Funke	06	11.01.2023	05

The material PU-B/1 multifil was tested in accordance with regulation 10/2011 in the amended current version for the suitability of the repeated contact with foods under the following conditions:

Contact with all types of food & Any food contact conditions involving hot filling and/or heating up to a temperature T wherein $70^{\circ}\text{C} < T = 100^{\circ}\text{C}$ for a duration of at most $t = 120/2 \cdot ((T-70)/10)$ minutes, which is not followed by long-term storage at room temperature or under cooling. On the basis of the results of the studies carried out, the total migration limit of 10 mg/dm^2 in contact with the following foodstuffs:

Aqueous and acidic foodstuffs & greasy foods for which a food additive has been defined according to Regulation (EU) No 10/2011, Annex III, Paragraph 3, Table 2, of the European Parliament and of the Council correction factor for the simulamt D2 of at least 2 is given. This material does not contain any intentionally added dual- use additives that are subject to an obligation to provide adequate information are subject as described in Regulation (EU) 10/2011. The material has been manufactured in accordance with the requirements of Commission Regulation (EC) No. 2023/2006 on good manufacturing practise for materials and articles intended to come into contact with food. The sample examined also complies with the EU regulation with regard to total migration under the above-mentioned restrictions, No 1935/2004.

Similant	Duration/ Temperature	Parameter	Limit value	Result
Ethanol 10% (A)	2 h / 70°C	onesided contact to product 	10 mg / dm^2	$< 2,0\text{ mg / dm}^2$
Acetic acid 3% (B)	2 h / 70°C	onesided contact to product 	10 mg / dm^2	$< 2,0\text{ mg / dm}^2$
Isooctan (D2)	2 h / 70°C	onesided contact to product	10 mg / dm^2	$< 2,0\text{ mg / dm}^2$

FDA: The PU-B / 1 multifil complies with the requirements of FDA CFR Part 21 § 177.1680 and CFR Part 21 § 177.2600 (Contact with dry food and contact with fat or wet food) in repeated use.
